The most hygienic bin in the world!

In a neat, simple and environmentally friendly manner Longopac Bin facilitates waste management

Longopac Bin is a practical and hygienic solution for efficient waste management. The unique bagging system makes Longopac Bin both economic and environmentally friendly. The barrel is easy to put on and take off, and the bag is quick to change. The sleek design allows the Longopac Bin to blend in public environments such as restaurants, cafes, hotel lobbies and waiting rooms.

EFFICIENT

- Longopac Bin is loaded with a bag cassette 60 meters in length.
- Variable bag size for flexible changing intervals.
- New bag always in place.
- Bag always securely sealed.
- Quick bag replacement – saves time.
- Less cleaning – waste never misses the bag.
- Variable bag size always ensures bags are 100 % full.

HYGIENIC

- No waste misses the bag.
- No waste on the floor. Not even during bag change.
- No contact with the waste.

ENVIRONMENTALLY FRIENDLY

- Longopac bags are manufactured from three-ply polyethylene – low material consumption and high strength.

Longopac Bin is loaded with a Longopac cassette that is available in a variety of strengths and colors, as well as 100 % compostable for organic waste.
