

Longopac® Flex

– no time to waste

The bag system
that solves the
problems in your
waste cabinet

- Hygienic
- Efficient
- Less CO₂

Smarter waste management for waste sorting walls & cabinets

HYGIENIC

- No contact with waste at any time.
- Spillage around the opening follows into the next bag.
- Easy cleaning.

EFFICIENT

- Always new bag in place.
- Faster bag changes - under 30 sec.
- Less cleaning.
- Flexible changes. You decide when the bag is full, no matter the volume of waste.

ECO-FRIENDLY

- 50% recycled material in all cassettes (except Food & Pharma).
- 80% lower CO₂ emissions compared to traditional waste bags.
- 100% filling degree.
- Longopac is manufactured in 3-layer polyethylene, which provides low raw material consumption in combination with high strength.
- Lower weight and compact packaging mean less storage and transport costs.

The flexible mounting solution

Longopac Flex is built into your new or existing sorting stations and waste cabinets.

Our cassette holder Longopac Flex is appreciated by the staff as bag changes are carried out faster, are more ergonomic and result in better hygiene than when changing traditional rubbish bags. In addition, the Longopac system has a significantly smaller impact on the environment.

With the Longopac Flex holder, you can adjust the width of the rails, which means that it can be easily mounted in most existing cabinets and waste stations without you having to invest in a new cabinet.

Longopac Flex is mounted on sliding rails and can be easily pulled out to facilitate changing the bag or when a new cassette is to be inserted.

Longopac Flex Mini Slide Square

Longopac Flex is available in several sizes: **Mini Slim**, **Mini Square**, **Midi Slim**, **Midi Square** and **Maxi**.

MINI SLIM

Inlet: 164 x 285 mm
Item no. 34360

MINI SQUARE

Inlet: 232 x 232 mm
Item no. 34370

MIDI SQUARE

Inlet: 280 x 320 mm
Item no. 34380

MIDI SLIM

Inlet: 166 x 430 mm
Item no. 34385

MAXI

Inlet: 356 x 356 mm
Item no. 34390

 **Longopac® Flex**
