

Longopac®

– endlessly clever

The proven system
for a dust-free
waste collection

- Guaranteed strength for 2 years
- Available with guaranteed level of anti-stat
- 3-layer technology (PE)
- Fully automated and sustainable production
- REACH compliant
- SVHC free

The strongest bag in the world with guaranteed length and strength

LONGOPAC DUST

Longopac bag system is ideal as a continuous bag system for vacuum cleaners and cyclones. Our continuous liner system also offers the advantage of changing bags in a completely sealed and dust-free manner. By using Longopac as your bag system, you improve your working environment and reduce the need for cleaning. Paxxo is the owner and inventor of the Longopac system.

PAXXO AB

Founded in 1980, Paxxo has since been a world leader in the manufacture of continuous liners used in a wide range of applications and industries. The company is located in Malmö, Sweden, where Paxxo has its entire production with not only extrusion and folding, but has over the years built up an advanced production line that is now fully automated. Paxxo has always strived to have as sustainable a production as possible and to maintain the highest quality standards.

LONGOPAC DUST

- 2-years shelf life
- Available with guaranteed level of anti-stat
- Multilayer technology (PE)
- Fully automated and sustainable production in Sweden.
- SVHC free

Paxxo was founded in 1980 based on making continuous liners.

We offer Longopac for Dust in several different strengths and two different formats: **Mini and Midi**. We also offer with guaranteed levels of anti-stat.

Item number	Dart drop* (Initial)	Dart drop** (Guaranteed)	Length	Thickness	Diameter	Number of Cassettes	ESD
10550 Super-Strong Recycled***	900g	750g	4x20m	53my	360	4 per box	
10570 Mini Super-Strong	1000g	800g	4x23m	53my	360	4 per box	
10590 Mini Super-Strong ESD	1000g	800g	4x23m	53my	360	4 per box	1x10 ¹⁰ Ohm
10580 Mini Mega-Strong	1100g	900g	4x20m	66my	360	4 per box	
10560 Mini Mega-Strong ESD	1100g	900g	4x20m	66my	360	4 per box	1x10 ¹⁰ Ohm
10060 Midi Mega-Strong	1100g	900g	25m	64my	465	1 per box	
10250 Midi Mega-Strong ESD	1100g	900g	25m	64my	465	1 per box	1x10 ¹⁰ Ohm

* Dart drop is measured according to ASTM-D-1709.

** The guaranteed value is based on an average measured end of shelf life (2 years).

*** The material consist of a minimum of 50% recycled plastic.

SPECIFICATIONS

Material 3 layer co-extruded polyethylene (PE)
Cable ties 4 bags, 60 pcs each
Colour Transparent/Pink

The manufacturer Paxxo AB is certified according to ISO 9001 & 14001
